I would also like to take this opportunity to thank the members of the Editorial Board for their dedicated service to the journal and for all their cooperation and enthusiastic involvement in this blooming endeavour. Their voluntary efforts and devotion to the peer-review process helped the journal towards an authoritative position in the fields of Pharmaceutical Sciences and I am sincerely grateful for their contributions to achieve the perfection.

It is an appeal to all readers of eIJPPR to forward suggestions, critics to improve the quality of the journal. Again, I would like to request all the research scholars and the subscriber of this journal to co-operate with the journal by providing the value-based research articles.

I make certain that the renowned research scientists and academicians both from the industry and academic institution all over the world will be enriched by sharing their research experiences through eIJPPR.

Thanks.
